How to use this diary

1. Each Monday to Friday of 2026 has its own page with 12 rows. Enter every case listed that day.
2. Public and court holidays differ by court and province. All weekdays are included; strike through days your court is closed.
3. Record the order and the next date before you leave the courtroom, then copy the next date to the monthly cause-list sheet.
4. Keep the case register at the back up to date; it is the index to every file in your chamber.
5. Use the fee ledger for every receipt so Fee Due on the daily page is never a guess.

If you would rather have reminders on your phone, the same diary is free online at digitallawyerdiary.com.
